INDEPENDENT AUDITORS' REPORT

Board of Trustees
St. Mary's College of Maryland

We have audited the accompanying basic financial statements of St. Mary's College of Maryland (College), a component unit of the State of Maryland, and its discretely presented component unit, St. Mary's College of Maryland Foundation, Inc. (Foundation), as of and for the years ended June 30, 2008 and 2007, as listed in the Table of Contents. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of the Foundation, which represents 100 percent of the discretely presented component unit as of and for the years ended June 30, 2008 and 2007. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based on the report of other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the College and its discretely presented component unit as of June 30, 2008 and 2007, and the respective changes in financial position and cash flows, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 13, 2008 on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis on pages 3 through 15 is not a required part of the basic financial statements, but is supplemental information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis
June 30, 2008

Overview of the Financial Statements and Financial Analysis

St. Mary's College of Maryland (College) is pleased to present its financial statements for fiscal year 2008 with fiscal year 2007 prior-year data for comparative purposes. There are three financial statements presented for each fiscal year. The Statement of Net Assets; the Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows.

The discussion and analysis of the College's financial statements provide an overview of its financial activities for the year. This discussion has been prepared by management. The discussion and analysis is designed to focus on current activities and current known facts.

Statements of Net Assets

The Statements of Net Assets present the assets, liabilities, and net assets of the College as of the end of each fiscal year. The purpose of the Statements of Net Assets is to present to the readers of the financial statements a financial snapshot of St. Mary's College of Maryland. The Statements of Net Assets present end-of-year data concerning assets (current and noncurrent), liabilities (current and noncurrent), and net assets (fund balances). From the data presented, readers of the Statements of Net Assets are able to determine the assets available to continue the operations of the College. They are also able to determine how much the College owes vendors (accounts payable), investors (bonds payable) and banks (notes payable). Finally, the Statements of Net Assets provide a picture of the net assets and their availability for expenditure by the College.

Condensed Statements of Net Assets (in thousands of dollars)

	June 30, 2008	% of Total	June 30, 2007	% of Total
Assets:

Total Net Assets	\$ 108,674		\$ 89,826	

ST. MARY'S COLLEGE OF MARYLAND
Management's Discussion and Analysis
June 30, 2008

Statements of Net Assets (Continued)

The total assets of the College increased \$17.0 million. This increase was primarily due to an increase in capital assets, including construction-in-progress in connection with a new student services building. The total liabilities for the year decreased \$1.8 million. This combination of an increase in total assets of \$17.0 million and a decrease in total liabilities of \$1.8 million resulted in an increase in total net assets of \$18.8 million.

Net assets are divided into three major categories. The first category, invested in capital assets, net of related debt, provides the College's equity in property, plant and equipment owned by the College. The next asset category is restricted net assets, which is divided into two categories, nonexpendable and expendable. The corpus of nonexpendable restricted resources is only available for investment purposes. Expendable restricted net assets are available for use by the College, but must be spent only for purposes specified by donors. The final category is unrestricted net assets, which are available to be expended for any lawful purpose of the College. The following graphs detail net assets by category held by the College as of June 30, 2008 and June 30, 2007, respectively.

ST. MARY'S COLLEGE OF MARYLAND
Management's Discussion and Analysis
June 30, 2008

Statements of Net Assets (Continued)

The increase of \$18.8 million in total net assets is primarily due to funding received from the State for the construction of the new academic building. The breakdown of unrestricted net assets with comparisons to last year is shown below:

Breakdown of Unrestricted Net Assets (in thousands of dollars)

	<u>June 30, 2008</u>	<u>June 30, 2007</u>
Encumbrances and carryovers for general operating purposes	\$ 546	\$ 1,094
Encumbrances for capital projects	2,460	1,662
Funds designated for current plant projects	430	858
Funds designated for future plant projects	(3,133)	1,076
Funds functioning as endowments	3,038	3,615
Unrestricted funds for general operating purposes	4,374	4,479
Total Unrestricted Net Assets	<u>\$ 7,715</u>	<u>\$ 12,784</u>

June 30, 2008

Statements of Revenues, Expenses and Changes in Net Assets

Changes in total net assets as presented on the Statements of Net Assets are based on the activity presented in the Statements of Revenues, Expenses, and Changes in Net Assets. The purpose of the statements is to present the revenues received by the College, both operating and nonoperating, and the expenses paid by the College, operating and nonoperating, and any other revenues, expenses, gains and losses received or incurred by the College.

Generally speaking, operating revenues are received for providing goods and services to the various customers and constituencies of the College. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the College. Nonoperating revenues are generated by incidental activities, gifts and subsidies. The financial reporting model classifies State appropriations and gifts to the College as nonoperating revenues. Public higher education's dependency on State aid results in an operating deficit. The utilization of long-lived assets, referred to as capital assets, is reflected in the financial statements as depreciation. Depreciation indicates that the College is "using up" long-term assets, such as buildings, over time.

Condensed Statements of Revenues, Expenses, and Changes in Net Assets (in thousands of dollars):

	<u>June 30, 2008</u>	<u>June 30, 2007</u>

ST. MARY'S COLLEGE OF MARYLAND
Management's Discussion and Analysis
June 30, 2008

Summary of Changes in Statements of Revenues, Expenses, and Changes in Net Assets

Net assets increased by \$18.8 million, or 21%, for 2008. The increase resulted primarily from \$20 million of capital funding received from the State for the construction of the new academic building; in addition, an overall increase in operating revenues of \$3.6 million is primarily due to increased tuition and fee revenue of \$1.6 million and an increase of \$1.1 million in auxiliary revenue. Operating expenses increased \$3.5 million mainly as a result of increased auxiliary expenses associated with campus store and dining facilities, higher fuel costs, and increases in staff salaries. Additionally, \$256 thousand in direct assistance provided by the Foundation to College departments have been included in operating expenses in 2008, in accordance with generally accepted accounting principles. Additional auxiliary expenses were offset by increased revenues from auxiliary operations

Non-operating revenues net of non-operating expenses decreased about \$1.2 million from the previous year. The decrease reflects a one time mandatory transfer of funds to the state government and the weak performance of the investment portfolio. Capital appropriations increased \$6.8 million.

Operating Revenues

Total operating revenues for fiscal year 2008 were \$40.7 million. The graphs below show comparisons in operating revenues for fiscal years 2008 and 2007:

ST. MARY'S COLLEGE OF MARYLAND
Management's Discussion and Analysis
June 30, 2008

Tuition and Fees

Tuition and fees, less scholarships and waivers, of \$21.3 million accounted for 52% of total operating revenue and increased 8% from the prior year. Scholarships provided to students with College funds are often referred to as a tuition discount, or simply as discounting.

Grants and Contracts

This includes all restricted revenues made available by government agencies as well as private agencies. Grant revenues are recorded only to the extent a claim to resources has been established.

Auxiliary Enterprises

Auxiliary enterprises consist of various entities that exist primarily to furnish goods or services to students, faculty, staff, or the general public and charge a fee directly related to the cost of those goods or services. They are intended to be self-supporting. The College's largest auxiliary enterprises include residence halls, food services, and the campus store.

ST. MARY'S COLLEGE OF MARYLAND
Management's Discussion and Analysis
June 30, 2008

The operating expenses for auxiliary enterprises include depreciation and utilities.

Sales and Services of Educational Activities

Other operating revenues consist of sales and services of educational activities totaling \$1.2 million. An example of an educational activity includes conference and study abroad.

Operating Expenses

Operating expenses for 2008 totaled \$58.3 million. Of this total, \$18.4 million or 32% was for instruction. Operating expenses include salaries and benefits of \$29.7 million, scholarships and grants of \$1.7 million, utilities of \$1.5 million, supplies and other services of \$6.7 million and depreciation of \$2.9 million. Depreciation of capital goods is carried as an accounting item; however, it does not require any cash outlay on behalf of the College. Depreciation does indicate how much of the College's physical plant is being "consumed" each year.

ST. MARY'S COLLEGE OF MARYLAND
Management's Discussion and Analysis
June 30, 2008

State Appropriation

The largest inflow in the non-capital financing activities group is the State appropriation of \$17.1 million. The legislation governing the provision of State support to St. Mary's College of Maryland requires the Governor to submit an appropriation request to the legislature equal to the prior year's budgeted amount plus an amount equal to the implicit price deflator for state and local governments. In recent years, the implicit price deflator has provided an increase to the College's appropriation that has ranged between two and four percent. The State appropriation provides approximately 30% of the operating budget for the College. The State appropriation continues to drop steadily in its share of the College's budget. This drop requires the College to seek additional revenues from other sources, such as tuition and fees, auxiliary enterprises, grants, and gifts.

ST. MARY'S COLLEGE OF MARYLAND
Management's Discussion and Analysis
June 30, 2008

Investment Income, Net

Included in investment gains/losses and interest income (investment income net) are the earnings from pooled cash held at the State, funds functioning as endowment investments, other investments, and the unrealized gains and losses on those investments. These funds will be used to support future needs, as determined by the Trustees.

Statements of Cash Flows

The final statements presented by St. Mary's College of Maryland are the Statements of Cash Flows. One important factor to consider when evaluating financial viability is the College's ability to meet financial obligations as they mature. The College's cash and cash equivalents provide the day-to-day resources to pay for a variety of expenses.

The Statements of Cash Flows present detailed information about the cash activity of the College during the year. The statement is divided into five parts. The first part deals with operating cash flows and shows the net cash used by the operating activities of the College. The second section reflects cash flows from non-capital financing activities. This section includes the cash activity resulting from state appropriations, grant activity, and other non-operating cash flows. The third section deals with the cash flows from capital and related financing activities. This section deals with the cash used for the acquisition and construction of capital and related items. The fourth section reflects the cash flows from investing activities including the interest received from investing activities. The final section reconciles the net cash used in operations to the operating income or loss reflected on the Statements of Revenues, Expenses, and Changes in Net Assets. Below is a condensed version of the first four sections of the Statements of Cash Flow.

Cash, Beginning of Year	<u>15,722</u>	<u>13,612</u>
 Cash, End of Year	 <u>\$ 11,899</u>	 <u>\$ 15,722</u>

Campus Enrollment

The College continues to benefit from strong enrollments as students are attracted to the honors college program. Enrollments continue to fill all of the available housing capacity and as such are projected to remain relatively steady going forward. The following table indicates the total historical on-campus enrollment of undergraduate and graduate students for the 2002-03 through 2007-08 academic years. Also indicated are full-time equivalent students attending the College.

Full-time, Part-time, and FTE Enrollment:

Fall 2002 to Fall 2007

Fall	<u>Full-time:</u>		<u>Part-time:</u>		<u>Away Students:</u> *		<u>Full-time Equivalent</u> **	
Semester	N	(%)	N	(%)	N	(%)	Total	(FTE)
2007	1839	91.9%	74	3.7%	89	4.4%	2,002	2033
2006	1,815	92.7%	86	4.4%	56	2.9%	1,957	2,003
2005	1,824	92.9%	115	5.9%	25	1.3%	1,964	2,039
2004	1,805	93.3%	105	5.4%	25	1.3%	1,935	1,995
2003	1,772	92.2%	116	6.0%	34	1.8%	1,922	1,990
2002	1,648	90.4%	148	8.1%	27	1.5%	1,823	1,836

*Away students refer to St. Mary's students studying abroad or on another U.S. campus.

** The fall 2006 semester includes 13 (FTE) graduate students (a new program for the College).

ST. MARY'S COLLEGE OF MARYLAND
Management's Discussion and Analysis
June 30, 2008

Full-time, Part-time, and FTE Enrollment -- Fall 2002 to Fall 2007 (Continued)

Enrollment goals continue to be met. The enrollment goal for fall semester 2008 remains at 1,850 full-time students.

Capital Assets and Debt Administration

Capital additions totaled \$24.8 million in 2008. Capital additions were primarily comprised of the new academic building construction of the new student services building and construction of the new River Center. Current year capital additions were funded primarily with State capital appropriations of \$20 million and unrestricted net assets which were designated for capital purposes.

For additional information concerning capital assets and debt administration, see notes 9 through 11 in the notes to the financial statements.

Factors and Events Impacting Future Periods

The level of State support, compensation increases, student tuition and fee increases, and energy cost increases impact the College's ability to expand programs, undertake new initiatives, and meet its core mission and ongoing operational needs.

The Maryland State appropriation contributes approximately \$17 million to general operations revenue. The level of State support is therefore one of the key factors influencing the College's financial condition. A crucial element to the College's future will continue to be our relationship with the State of Maryland, as we work to manage tuition to make it competitive while providing an outstanding honors college education for our students. There is a direct relationship between the growth of State support and the College's ability to control tuition growth, as declines in state appropriations generally result in increased tuition levels.

ST. MARY'S COLLEGE OF MARYLAND
Management's Discussion and Analysis
June 30, 2008

Factors and Events Impacting Future Periods (Continued)

Goodpaster Hall, the College's new academic building, is opened in early 2008. Goodpaster Hall serves as the home of the College's psychology, educational studies, and chemistry departments. As a state-funded project, the costs and overall responsibility for Goodpaster Hall remain with the State of Maryland's Department of General Services. The College's financial commitment toward facility construction totals \$819,000 with the State of Maryland providing approximately \$25 million. The College bears no additional financial risk as a result of this project; however, we incurred additional operating expenses when the building opened. The College is nearing completion of Glendening Hall, the new student services building, which is funded by the State of Maryland. The River Center complex is also nearing completion and will fully open late in 2008. Both projects are partially reflected in these statements and will be fully reflected in the 2009 financial statements.

The need to continue to address priority needs and requirements for support for academic programs, facility renewal, new technology, and the operating impact of new construction projects is a significant challenge facing the College in the years to come.

The College's overall financial position remains strong. The College anticipates the current fiscal year will be much like the last as we watch closely over resources to maintain the College's ability to react to unknown internal and external issues.

Thomas J. Botzman, Ph.D.
Vice President for Business and Finance

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

1. ORGANIZATION AND PURPOSE

St. Mary's College of Maryland (College) is a component unit of the State of Maryland (State). The College, which is governed by its Board of Trustees (Board), is an undergraduate liberal arts institution located in St. Mary's City in southern Maryland. In 1964, the College was authorized by the State Legislature as a four-year liberal arts college. The campus has been an educational site since 1840.

In fiscal year 1992, the State Legislature enacted, and the Governor signed, a law that changed the nature of the College's relationship with the State, primarily by granting to the College authority, which was previously vested in State control agencies. The significant effects of this law were the stabilization of the College's general fund support and the empowerment of the College's Board with regard to budget establishment and management, human resources functions, procurement of goods and services, and investment management of the College's endowment fund. Under the new governance structure, the College and its Board are held accountable to the citizens and officials of the State, primarily through oversight provided by the Maryland Higher Education Commission.

In October 1971, St. Mary's College of Maryland Foundation, Inc. (the Foundation) was organized exclusively for charitable, religious, educational and scientific purposes. The Foundation's purposes further include, but are not restricted to, receiving and administering funds to enhance, improve, develop and promote St. Mary's College of Maryland and to benefit the College, its students and faculty. The Foundation meets the criteria established by GASB 39 as a component unit of the College; therefore, the activities of the Foundation are shown on these financial statements as a discretely presented component unit. The Foundation is a private, nonprofit organization that reports under the standards of the Financial Accounting Standards Board (FASB). No modifications have been made to the Foundation's financial information in the College's financial reporting for any differences between GASB and FASB standards.

During the years ended June 30, 2008 and 2007, the Foundation distributed \$1,870,353 and \$2,020,124 respectively to the College for both restricted and unrestricted purposes.

The College performs various accounting, personnel, and public safety functions for Historic St. Mary's City (the City). The College is paid a fee for these services. The college does not exercise control over the City; therefore, the activities of the City are not reflected or consolidated in these financial statements.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation - College

The College presents its financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments* (GASB No. 34), and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities* (GASB No. 35). The financial statement presentation required by GASB No. 34 and No. 35 provides a comprehensive, entity-wide perspective of the College's assets, liabilities, net assets, revenues, expenses, changes in net assets and cash flows, and replaces the fund-group perspective previously required.

B. Basis of Presentation - Foundation

The financial statement presentation for the Foundation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for-Profit Organizations*. Under SFAS No. 117, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

C. Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government agency engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

The College has the option to apply Financial Accounting Standards Board (FASB) pronouncements issued before November 30, 1989, unless FASB conflicts with GASB. The College has elected to not apply FASB pronouncements issued after November 30, 1989.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Cash Equivalents

For purposes of the statements of cash flows, the College considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

E. Investments

Investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net values of shares held by the College at year end. The fair value of other types of investments is based on quoted market prices at year end.

F. Accounts Receivable

Accounts receivable consists of tuition and fee charges to students and charges for auxiliary enterprises services provided to students, faculty and staff, the majority of each residing in the State of Maryland. Accounts receivable also include amounts due from federal, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the College's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts.

G. Inventories

Inventories are valued at cost and are accounted for under the first-in, first-out method, which is not in excess of net realizable value.

H. Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. For equipment, the College's capitalization policy includes all items with a unit cost of \$2,500 or more, and an estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements with a cost of \$50,000 or more, and that significantly increase the value or extend the useful life of the structure, are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Capital Assets (Continued)

Depreciation is computed using the straight-line method over estimated useful lives of the assets, generally 40 years for buildings, 20 years for building improvements, 16-25 years for infrastructure, 7 years for library books, and 3-12 years for capital equipment.

Works of art and historical collections have not been capitalized or depreciated. Under College policy, works of art and historical collections are held for public exhibition, education or research in furtherance of public service rather than financial gain. They are protected, cared for and preserved, and the proceeds from sales of the collection are used to acquire other items for the collection.

I. Deferred Revenues

Deferred revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period.

J. Compensated Absences

Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued vacation payable in the statement of net assets, and as a component of compensation expense in the statement of revenues, expenses, and changes in net assets. The current portion of accrued vacation payable is estimated by assuming that the proportion of the accrued vacation that will be used during the next year will be the same as the proportion that was used this year.

K. Net Assets - College

The College's net assets are classified as follows:

Invested in capital assets, net of related debt: This represents the College's investment in capital assets, net of outstanding debt related to those capital assets. It is measured by the fund balance in the investment in plant subgroup, after the debt related to finished construction has been transferred into the subgroup.

Restricted net assets – expendable: Restricted expendable net assets represent resources which the college is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Net Assets – College (Continued)

The College's net assets are classified as follows: (Continued)

Restricted net assets – nonexpendable: Nonexpendable restricted net assets represent endowment and similar type funds which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted net assets: Unrestricted net assets represent resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College, and may be used at the direction of the governing board to meet current expenses for any purpose. Auxiliary enterprises are substantially self-supported activities that provide services for students, faculty, staff, or the local community.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to use the restricted resources first.

L. Net Assets – Foundation

The Foundation's net assets are classified as follows:

Contributions received are recorded as permanently restricted, temporarily restricted, or unrestricted revenue, depending on the existence and/or nature of any donor restrictions.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Classification of Revenues

The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating Revenues: Operating revenues are generated by the typical activities of a university, such as teaching and research, and include: (1) student tuition and fees, (2) sales and services of auxiliary enterprises, and (3) grants that support research and instruction.

Nonoperating revenues: Nonoperating revenues are generated by incidental activities, gifts and subsidies, and include investment income, gifts, and state appropriations.

N. Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net assets. Scholarship discounts and allowances are the difference between the published charge for goods and services provided by the College, and the amount that is actually paid by students or third parties making payments on the students' behalf. To the extent that the College's unrestricted funds are used to award scholarships, grants and waivers, the College reports a scholarship discount and allowance.

O. Unconditional Promises to Give

Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are met.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P. Risk Management

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to and illnesses of employees; and natural disasters. The College participates in the State's various self-insurance programs. The State is self-insured for general liability, property and casualty, workers compensation, environmental and anti-trust liabilities and certain employee health benefits.

The State allocates the cost of providing claims servicing and claims payment by charging a "premium" to the College based on a percentage of the College's estimated current-year payroll or based on the average loss experienced by the College. This charge considers recent trends in actual claims experience of the State as a whole and makes provisions for catastrophic losses.

The College records a liability when it is probable that a loss has been incurred and the amount of that loss can be reasonably estimated. Liabilities recorded include a provision for claims incurred but not reported. Because actual claims liabilities depend on such complex factors such as inflation, changes in legal doctrines, and damage awards, actual claims could differ from estimates. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims and other economic and social factors. Liabilities for incurred workers' compensation losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using a 4% discount rate. The provision for workers' compensation is based upon a separately determined actuarial valuation for the fiscal year ended June 30, 2008 and June 30, 2007.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P. Risk Management (Continued)

As of June 30, 2008, the College has recorded \$257,000 in liabilities associated with workers' compensation. The workers' compensation liability activity for the years ended June 30, 2008 and 2007 was as follows:

	Beginning of Fiscal Year Liability	Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year- End	Amounts Due Within One Year
Year ended, June 30, 2008	\$ 457,000	\$ ((83,139)	\$ 16,861	\$ 257,000	\$ 39,835
Year ended, June 30, 2007	\$ 305,000	\$ 212,267	\$ 60,267	\$ 57,000	\$ 134,914

Q. Implementation of New Pronouncements

In 2003, GASB issued Statement No. 40, *Deposit and Investment Risk Disclosures*, which was effective for financial statement periods ending after June 15, 2004. Statement No. 40 establishes significant new financial reporting requirements for State and local governments, including public colleges and universities. The College adopted Statement No. 40 for its financial statements for the year ended June 30, 2005.

In November 2003, GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, was issued, which requires that financial statements reflect adjustments for changes in the utility of capital assets when technology, environmental events, or physical damage diminish the usefulness of a capital asset for its intended purpose or use. The College adopted Statement No. 42 for its financial statements for the year ended June 30, 2006.

In June 2004, GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post-employment Benefits Other Than Pensions*, was issued. This statement improves the relevance and usefulness of financial reporting by (a) requiring systematic, accrual – basis measurement and recognition of other post-employment benefits' (OPEB) cost over a period that approximates employees' years of service and (b) providing information about actuarial accrued liabilities associated with OPEB and whether and to what extent progress is being made in

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Implementation of New Pronouncements (continued)

funding the plan. Implementation of changes to the funding of postemployment benefits other than pensions is expected to result in a significant increase in amounts remitted by State agencies, including St. Mary's College of Maryland. The College adopted State No. 45 for the year ended June 30, 2008.

In December 2004, GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation – an amendment to GASB Statement No. 34*, was issued. This statement requires that limitations on the use of net assets imposed by enabling legislation be reported as restricted net assets. The College adopted Statement No. 46 for its financial statements for the year ended June 30, 2005.

In June 2005, GASB Statement No. 47, *Accounting for Termination Benefits*, was issued. This statement requires employers to record a liability for payments and benefits associated with voluntary and involuntary plans that result in the termination of employees. For the year ending June 30, 2007, the College was in the process of assessing the impact of this new accounting standard. The college adopted Statement No. 47 for its financial statements for the year ended June 30, 2008.

In October 2006, GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity, Transfers of Assets and Future Revenues*, was issued. This statement establishes criteria that governments will use to ascertain whether certain transactions should be regarded as a sale or a collateralized borrowing. The College adopted Statement No. 48 for its financial statements for the year ended June 30, 2008.

In December 2006, GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, was issued. This statement identifies the circumstances under which a governmental entity would be required to report a liability related to pollution remediation. Statement No. 49 is effective for financial statements for periods beginning after December 15, 2007. The College is in the process of assessing the impact of this new accounting standard and will present its financial statements for the year ending June 30, 2009 in accordance with GASB No. 49.

In May 2007, GASB Statement No. 50, *Pension Disclosures*, was issued, changing the financial reporting requirements for pensions to more closely conform to those for other postemployment benefits.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Implementation of New Pronouncements (continued)

In June 2007, GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets* was issued. This accounting standard establishes accounting and financial reporting requirements for intangible assets such as easements, patents and trademarks, and computer software.

The College is in the process of assessing the impact of new accounting standards and will present its financial statements for the year ended June 30, 2009 in accordance with GASB Statement No. 50, and for the year ended June 30, 2010 in accordance also with GASB Statement No. 51.

3. CASH AND CASH EQUIVALENTS

A. Cash and Cash Equivalent on hand with State Treasurer

As of June 30, 2008 and 2007, the College had cash on deposit in an internal pooled cash account with the Maryland State Treasurer (Treasurer) in the amount of \$11,653,768 and \$15,527,132 respectively. The State treasurer has statutory responsibility for the State's cash management activities. The amount due from the Treasurer is part of the State's internal investment pool and is not separately identified as to specific types of securities for individual agencies within the State. The Treasurer maintains these and other State agency funds on a pooled basis in accordance with State statutes. As of June 30, 2008, the College's amount due from the treasurer was less than 1 percent of total deposits with the Treasurer. For additional information on cash risks, see the State of Maryland Comprehensive Annual Financial Report for the year ended June 30, 2008.

B. Other Cash and Cash Equivalents

As of June 30, 2008 and June 30, 2007, the College has cash on deposit with other local banks in the amount of \$245,136 and \$195,258 respectively. The College has statutory responsibility for the management of these funds which are fully insured by Federal depository insurance.

4. INVESTMENTS

The carrying value of endowment and other investments at June 30, 2008 and 2007 are as follows:

	<u>June 30, 2008</u> Fair Value	<u>June 30, 2007</u> Fair Value
Mutual funds	\$ 4,041,640	\$ 4,711,190
Corporate bonds	553,814	497,497
U.S. Government Securities	594,321	1,075,920
U.S. agency and other asset-backed securities	1,143,469	4,995,591
Foreign bonds	-	-
Corporate equity securities	978	978
Total Investments	<u>\$ 6,334,223</u>	<u>\$ 11,281,176</u>

Endowment fund investments are made in accordance with the investment policy of the College, adopted by consent of the Board of Trustees of the College, which authorizes the College to invest in domestic equities, international equities, fixed income or cash equivalents, and real estate investment trusts, within the proportions defined by the policy. Mutual funds, convertible preferred stocks, and convertible bonds may be used.

Bond funds are invested in short-term S&P AAA rated, Wells Fargo Adv Government Money Market Fund, Fannie Mae Guaranteed Securities, Notes and Federal Home Loan Bank Notes.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

4. INVESTMENTS (Continued)

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The College's investment policy requires that fixed income securities may consist only of obligations with average durations of seven years or less.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College's investment policy requires that the quality rating of bonds be BBB or better. The quality rating of commercial paper must be A-1 or better.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The College's investment policy implies that the investments in the debt securities of any one company may not exceed 10 percent of the portfolio. As of June 30, 2008, the College had invested \$671,985 of endowment funds in Fannie Mae, amounting to 16% of the College's total investments.

Custodial Credit Risk: For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the College, and are held by either (a) the counterparty or (b) the counterparty's trust department or agent but not in the College's name. The College does not have a policy for custodial credit risk.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

4. INVESTMENTS (Continued)

The Foundation's investments consisted of the following as of June 30, 2008:

Equities	\$14,613,085
Fixed income	5,808,782
REITS	-
Cash equivalents	5,032,152
Gift annuities	880,285
Cash surrender value of life Ins	<u>82,805</u>
Total Investments	<u><u>\$26,417,109</u></u>

During 2000, the Foundation became a named beneficiary to one-fourth of a trust held by a third party. The trust is restricted to scholarships. Under the terms of the trust, the Foundation will receive a distribution each year of approximately one-fourth of 5% of the value of the trust, even if the 5% is to be paid from the principal. The Foundation records one-fourth of the annual changes in market value of the trust as investment income. The value of the Foundation's share of the trust was \$1,436,649 as of June 30, 2008. The Foundation did not receive any distribution in 2008.

The Foundation's investment income consisted of the following for the year ended June 30, 2007:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Total</u>
Realized and unrealized gains	\$ 41,507	\$ 1,013,659	\$ 1,055,166
Interest and dividends	<u>(120,171)</u>	<u>(3,607,664)</u>	<u>(3,727,835)</u>
Total Investment Income	<u><u>\$ (78,664)</u></u>	<u><u>\$(2,594,005)</u></u>	<u><u>\$ (2,672,669)</u></u>

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

5. ENDOWMENTS

The College records most endowment income as unrestricted, nonoperating income. Endowment income not expended for restricted scholarships or other allowable purposes during the fiscal year is included in funds functioning as endowments.

The spending rate of general endowment funds (quasi and pure), as adopted by the Board, is 4% of the average market value of total funds as of the last day of the previous three calendar years. The spending rate applies to endowment funds for both unrestricted and restricted purposes and is applied in accordance with the designation of each endowment. The difference between the calculated amount and the actual realized endowment income is recorded as a non-mandatory transfer from or to the quasi-endowment fund in accordance with the above spending policy. The objectives of the spending rule are to preserve the purchasing power of the principal and attain a minimum of one percent real growth.

The endowment net assets are reported as follows:

The endowment net assets are reported as follows:

	<u>June 30, 2008</u>	<u>June 30, 2007</u>
Restricted - scholarship and fellowships	\$ 1,020,011	\$ 1,020,011
Unrestricted net assets	<u>3,245,935</u>	<u>4,500,784</u>
Total endowment net assets	<u>\$ 4,265,946</u>	<u>\$ 5,520,795</u>

6. ACCOUNTS RECEIVABLE

Accounts receivable consisted of the following:

	<u>June 30, 2008</u>	<u>June 30, 2007</u>
Student tuition and fees	\$ 323,175	\$ 249,041
Employee accounts	1,616	14,771
Campus Store	93,545	101,445
Travel advances	39,037	12,586
Federal, state and private grants and contracts	217,768	100,974
Interest income receivable	20,366	8,728
Other miscellaneous	124,626	85,358
Total	820,133	572,903
Less: allowance for doubtful accounts	(80,794)	(62,260)
Net Accounts Receivable	<u>\$ 739,339</u>	<u>\$ 510,643</u>

7. COMMITMENTS

As of June 30, 2008, there was \$3,005,663 of encumbrances and funds designated for future use reported in unrestricted net assets. The College does not separately identify the reserve for encumbrances in unrestricted net assets.

In August 2005, the State Department of General Services entered into a contract to construct an academic building, Goodpaster Hall, for the College. The building opened in 2008. The contract amount is \$25,399,100. The College's financial commitment for this construction is \$819,000. The State of Maryland is responsible for the remainder.

11. REVENUE BONDS (Continued)

A. Academic Fees and Auxiliary Facilities Fees Revenue Bonds

In 1993, 1997, and 2000 the College issued \$5,105,000, \$10,000,000, and \$11,245,000 respectively, of revenue bonds for the purpose of constructing new student housing facilities, design, construction and equipping of Charles Hall for a Campus Center, and the renovation of, and construction of an addition to, the existing gymnasium. All of the aforementioned bonds are limited obligations of the College payable solely from, and secured by, the gross revenues derived from academic fees and auxiliary facilities fees. In 2002, the College issued \$13,650,000 of subordinate revenue bonds to finance the planning and construction of a new student housing facility. Debt issued by the College for this purpose is not a debt of the State. In 2003, the College issued \$6,620,000 of subordinate revenue bonds to refinance the 1993 revenue bonds and the Department of Education loan. In 2005, the College issued \$19,105,000 of subordinate revenue bonds to refinance the 1997 and 2000 revenue bonds. In 2006, the College issued \$4,235,000 of subordinate revenue bonds to finance the design, construction, equipping and furnishing of a new student residence hall or facility as an addition to Waring Commons. In 2007, the College issued \$4,000,000 of subordinate revenue bond anticipation notes to finance the costs of the design, construction, reconstruction, renovation, equipping and furnishing of the River Center and Waterfront Project, which consists of a two story wood and masonry framed building that will replace the existing boathouse, together with all required storm water management systems and structures, a small parking lot, exterior walkways and site lighting, landscaping, demolition of the existing boathouse, telecommunications wiring, site utilities including underground electric lines, sewer, and water, and furnishings and equipment for the building (collectively, the "Auxiliary Facility Project").

The 1993 bonds maturing after September 1, 2003, were callable at premiums of up to 2%. The college exercised the callable options and refinanced the bonds in 2003.

The 1997 Series A Revenue bonds are dated July 1, 1997, and bear interest from 4.70% to 5.135%. Annual maturities will increase until the final principal payment of \$645,000 becomes due in 2027. The bonds maturing after September 1, 2007, are callable at premiums of up to 1%.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

11. REVENUE BONDS (Continued)

The 2000 Series A Revenue bonds are dated July 15, 2000, and bear interest from 5.125% to 5.550%. Annual maturities will increase until the final principal payment of \$740,000 becomes due in 2030. The bonds maturing after March 1, 2010, are callable at premiums of up to 1%.

The 2002 Series A Subordinate revenue bonds are dated June 15, 2002, and bear interest from 3.000% to 4.880%. Annual maturities will increase until the final principal payment of \$830,000 becomes due in 2033. The bonds maturing after September 2012, are callable at premiums of up to 1%.

The 2003 Series A Subordinate revenue bonds are dated August 1, 2003, and bear interest rates from 2.500% to 4.800%. Annual maturities will increase until the final payment of \$350,000 becomes due in 2023. The bonds maturing after September 1, 2013 are callable at no premium.

The 2005 Series A subordinate revenue bonds are dated April 1, 2005, and bear interest rates from 3.250% to 5.000%. Annual maturities will increase from 2006 until the final payment of \$4,480,000 becomes due in 2030. The bonds maturing after September 1, 2015 are callable at a premium of 1%.

The 2006 Series A subordinate revenue bonds are dated June 28, 2005, and bear interest rates from 4.250% to 4.500%. Annual maturities will increase from 2008 until the final payment of \$255,000 becomes due in 2038. The bonds maturing after September 1, 2016 are callable at no premium.

The 2007 Series A Revenue Bond Anticipation Notes are dated February 15, 2007, and bear interest at the rate of 3.8589%. Monthly interest payments of \$12,883 are fixed based upon a five year Weighted Average Maturity of the Notes. Assuming the College does not prepay the principal and the loan is due in full on February 15, 2012.

Investments totaling \$2,067,299 and \$5,671,413 for 2008 and 2007, respectively, are recorded as Other Restricted Investments under non-current assets and are comprised of certain funds to be held and invested by the Trustee. As such, the use of these funds is limited to the bond project, capitalized interest or reserve fund purposes.

11. REVENUE BONDS (Continued)

A. Academic Fees and Auxiliary Facilities Fees Revenue Bonds (Continued)

The trust agreements related to the 1997 and 2000 Series A revenue bonds and the 2002, 2003, 2005, 2006 and 2007 Series A subordinate revenue bonds establish several covenants with which the College must comply. Those covenants address the payment of bonds, operation and maintenance of facilities, and transfers of facilities, among other matters. The covenants also require the College to fix, revise, charge, and collect auxiliary facilities and academic fees with respect to each fiscal year in amounts sufficient to make all the payments on the bonds as required by the trust agreement.

B. In-Substance Defeasance

The 2005 Series A bonds were issued on April 20, 2005, to refinance the 1997 Series A and the 2000 Series A bonds. The total difference between the cash flows required to service the old debt and the cash flows required to service the new debt and complete the refunding was \$1,208,349.

	<u>June 30, 2005</u>	<u>Present Value</u>
Savings from Cash Flows	\$ 1,208,349	\$ 757,615

The reacquisition price exceeded the net carrying value of the old debt by \$1,360,466 on April 20, 2005. This amount was deferred and is being amortized to interest expense over 30 years, which is the remaining life of the debt. The unamortized balance was \$1,215,602 and \$1,260,950 as of June 30, 2008 and 2007 respectively; and, is reported as a deduction from the new debt.

	<u>\$ 45,440,000</u>	<u>\$ 25,509,067</u>	<u>\$ 70,949,067</u>

D. Deferred Debt Issue Costs

Administrative, legal, financing, underwriting discount and other miscellaneous expenses that were incurred in connection with the 2002 Series A, 2003 Series A, 2005 Series A 2006 Series A, and 2007 Series A Academic Fees and Auxiliary Facilities Fees Revenue Bond offerings were deferred and are being amortized over the life of the bond issue. The amortization expense on deferred debt issue costs related to these offerings was \$35,035 and \$35,035 for 2008 and 2007, respectively.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

11. REVENUE BONDS (Continued)

E. Notes Payable

On April 11, 2007 the College financed an Energy Performance Contract, which will reduce energy consumption through implementation of specific energy conservation measures (ECMs), under the State of Maryland's Energy Performance Contract Master Lease-Purchase Financing Program in the amount of \$2,047,727 and under the Maryland Energy Administration's Agency Energy Conservation Loan Program in the amount of \$808,000. These notes are recorded at their net present value; and, the minimum annual payments include principal and imputed interest using a rate of 3.76%. Assuming the College does not prepay the principal, the State of Maryland's Energy Performance Contract Master Lease-Purchase Financing Note is scheduled to be paid off January 1, 2020 and the Maryland Energy Administration Conservation Loan is scheduled to be paid off July 1, 2016.

12. LEASES

A. Operating Leases

The College leases copiers and trailers. Total costs for these operating leases were \$132,239 and \$152,776 for years ended June 30, 2008 and 2007.

B. Capital Leases

During fiscal 2006, the College entered into a lease agreement through the State of Maryland's Master Lease Purchase Financing Program. The total obligation outstanding for the capital leases as of June 30, 2008 and 2007 was \$44,120 and \$60,643, respectively.

The following assets were acquired through capital leases:

	<u>2008</u>	<u>2007</u>
Equipment	\$81,015	81,015
Accumulated Depreciation	<u>(43,883)</u>	<u>(27,680)</u>
	<u>\$37,132</u>	<u>\$53,335</u>

Notes to Financial Statements
June 30, 2008 and 2007

12. LEASES (Continued)

B. Capital Leases (Continued)

The future minimum lease payments (including principal and imputed interest using a rate of 3.78%) for this lease is as follows:

<u>Year Ended June 30, 2008</u>	<u>Amount</u>
2009	\$ 18,681
2010	18,672
2011	<u>9,333</u>
Total Payments	46,686
Less amounts representing interest	<u>(2,566)</u>
Total	<u><u>\$ 44,120</u></u>

13. RETIREMENT PLANS

A. Maryland State Retirement and Pension System

The College contributes to the Retirement and Pension System of Maryland (the System), established by the State to provide pension benefits for State employees and employees of 123 participating entities within the State. Although the System is an agent, multiple employer public employee retirement system, the College accounts for the plan as a cost-sharing multiple employer public employee retirement system and a separate valuation is not performed for the College and the College's only obligation to the plan is its required annual contributions.

The System is considered part of the State's financial reporting entity and is not considered a part of the College's reporting entity. The System prepares a separate Comprehensive Annual Financial Report which can be obtained from the Maryland State Retirement and Pension System at 120 East Baltimore Street, Baltimore, Maryland 21202.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

13. RETIREMENT PLANS (Continued)

B. Plan Description

The System, which is administered in accordance with Article 73B of the Annotated Code of Maryland, consists of the several plans that are managed by the Board of Trustees for the System. All State employees hired into positions that are permanently funded and employees of the participating entities are eligible for coverage by the plans.

C. Funding Policy

The College's required contributions are based upon actuarial valuations. Effective July 1, 1980, in accordance with the laws governing the System, all benefits of the System are funded in advance. The entry age normal cost method is the actuarial cost method used. Both the College and covered employees are required by state statute to contribute to the System. The employees contribute from 2 to 5% of compensation, as defined, depending on the participant's plan.

The College's contributions during the years ended June 30, 2008, 2007 and 2006 were \$618,216, \$511,236 and \$391,427 respectively.

D. Optional Retirement Programs

In addition to the Retirement and Pension System, the College also offers optional retirement programs for faculty and professional staff that include: Fidelity Trust, TIAA-CREF and AIG-VALIC. The College contributes 7.25% of base salary into these plans. At this time, the employee is not required to contribute to the plan. The amounts contributed by the College were \$973,439, \$959,372 and \$901,736 for the years ended June 30, 2008, 2007 and 2006 respectively.

Beginning in fiscal year 2006 a supplemental plan was introduced whereby the College matched 100% (up to \$600) of all contributions made into the plan. The amounts matched were \$128,734 and \$135,314 for the year ended June 30, 2008 and 2007 respectively.

ST. MARY'S COLLEGE OF MARYLAND
Notes to Financial Statements
June 30, 2008 and 2007

13. RETIREMENT PLANS (Continued)

E. Post Retirement Benefits

Former College employees who are receiving retirement benefits may participate in the State health care insurance plans. These plans, which provide insurance coverage for medical, dental and hospital costs are funded currently by the payment of premiums to the carriers and, under State policy, are contributory. Substantially all employees become eligible for these benefits when they retire with pension benefits. The cost of retirees' health care benefits is expensed when paid; and totaled \$27,215, \$618,032 and \$631,728 for the years ended June 30, 2008, 2007 and 2006 respectively.

14. LITIGATION

In the normal course of operations, certain claims have been brought against the College, which are in various stages of resolution. Management believes that the ultimate resolution of the claims will not have a material adverse effect on the College's financial position.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS**

Board of Trustees
St. Mary's College of Maryland

We have audited the financial statements of St. Mary's College of Maryland (College) as of and for the year ended June 30, 2008, and have issued our report thereon dated October 13, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audit contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the College's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the College's financial statements that is more than inconsequential will not be prevented or detected by the College's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the College's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information of the Board of Trustees, management, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
