REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

Board of Trustees St. Mary's College of Maryland

Report on the Financial Statements

We have audited the accompanying financial statements of St. Mary's College of Maryland (the College), a component unit of the State of Maryland, as of and for the years ended June 30, 2013, and 2012, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The College's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the discretely presented component unit financial statements of St. Mary's College of Maryland Foundation, Inc. (the Foundation) as of and for the years ended June 30, 2013, and 2012. Those financial statements were audited by another auditor whose report thereon has been furnished to us, and our opinions, insofar as it relates to the amounts included for the entity, is based solely on the report of the auditor. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the financial position of the College and Foundation as of June 30, 2013 and 2012, and the respective changes in their financial position and where applicable, the cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* as listed in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence, sufficient to express an opinion or provide any assurance.

Hunt Valley, Maryland November 12, 2013

Management's Discussion and Analysis June 30, 2013 and 2012

Overview of the Financial Statements and Financial Analysis

St. Mary's College of Maryland (College) is pleased to present its financial statements for fiscal year 2013, with fiscal year 2012, and 2011, prior-year data for comparative purposes. There are three financial statements presented for each fiscal year: the Statements of Net Position; the Statements of Revenues, Expenses, and Changes in Net Position; and Statements of Cash Flows.

The discussion and analysis of the College's financial statements provide an overview of its financial activities for the year. This discussion has been prepared by management. The discussion and analysis is designed to focus on current activities and current known facts.

Statements of Net Position

The Statements of Net Position present the assets, liabilities, and net position of the College as of the end of each fiscal year. The purpose of the Statements of Net Position is to present to the readers of the financial statements a financial snapshot of St. Mary's College of Maryland. The Statements of Net Position present end-of-year data concerning assets (current and noncurrent), liabilities (current and noncurrent), and net position (fund balances). From the data presented, readers of the Statements of Net Position are able to determine the assets available to continue the operations of the College. They are also able to determine how much the College owes vendors (accounts payable), investors (bonds payable) and banks (notes payable). Finally, the Statements of Net Position provide a picture of the net position and their availability for expenditure by the College.

Management's Discussion and Analysis June 30, 2013 and 2012

Statements of Net Position (continued)

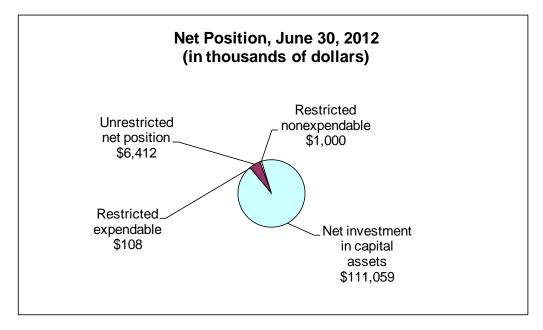

The total assets of the College increased \$0.8 million. This increase was primarily due to an increase of \$3 million in current assets and a decrease of \$2.2 million in non-current assets. The total liabilities for the year decreased \$0.5 million, primarily through the routine retirement of debt. This combination of an increase in total assets of \$0.8 million and a decrease in total liabilities of \$0.5 million resulted in an increase in total net position of \$1.3 million. In the prior period, total assets decreased \$3.6 million and liabilities decreased \$3 million, resulting in a change in total net position of \$0.6 million.

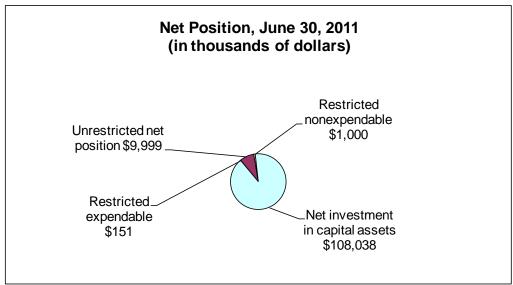

Net position is divided into three major categories. The first category, net investment in capital assets, includes the College's equity in property, plant and equipment owned by the College. The next category is restricted, which is divided into two categories, nonexpendable and expendable. The corpus of nonexpendable restricted resources is only available for investment purposes. Expendable restricted net position is available for use by the College, but must be spent only for purposes specified by donors. The final category is unrestricted net position, which is available to be expended for any lawful purpose of the College. The following graphs detail net position by category held by the College as of June 30, 2013, 2012, and 2011, respectively.

Management's Discussion and Analysis June 30, 2013 and 2012

Statements of Net Position (continued)

The breakdown of unrestricted net position with comparisons to last year is shown below:

Management's Discussion and Analysis June 30, 2013 and 2012

Statements of Revenues, Expenses and Changes in Net Position

Changes in total net position as presented on the Statements of Net Position are based on the activity presented in the Statements of Revenues, Expenses, and Changes in Net Position. The purpose of the statements is to present the revenues received by the College, both operating and non-operating, and the expenses paid by the College, operating and non-operating, and any other revenues, expenses, gains and losses received or incurred by the College.

Generally speaking, operating revenues are received for providing goods and services to the various customers and constituencies of the College. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the College. Non-operating revenues are generated by incidental activities, gifts and subsidies. The financial reporting model classifies State appropriations and gifts to the College as non-operating revenues. Public higher education's dependency on State aid results in an operating deficit. The utilization of long-lived assets, referred to as capital assets, is reflected in the financial statements as depreciation. Depreciation indicates that the College is "using up" long-term assets, such as buildings, over time.

Management's Discussion and Analysis June 30, 2013 and 2012

Statements of Revenues, Expenses and Changes in Net Position (continued)

Condensed Statements of Revenue, Expenses, and Changes in Net Position (in thousands of dollars):

Management's Discussion and Analysis June 30, 2013 and 2012

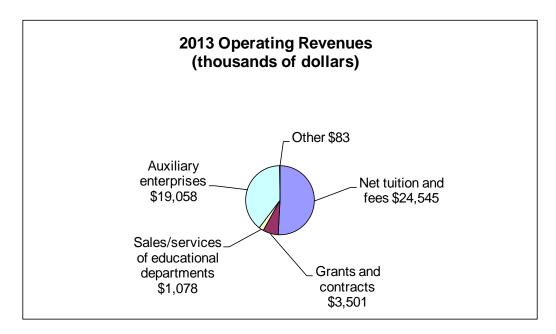

Summary of Statements of Revenues, Expenses, and Changes in Net Position (continued)

Net position increased by \$1.3 million, or 1%, for 2013. The increase resulted primarily from stable operating revenues and reduced expenditures. Operating expenses decreased \$1.8 million mainly as a result of increased expenditures for current employee wages and benefits and a reduction in expenses recorded in operation of plant which had occurred in the prior year to address a mold condition in two residence halls. Additionally, \$1.2 million in direct assistance provided by the St. Mary's College of Maryland Foundation to College departments have been included in operating expenses in 2013, in accordance with accounting principles generally accepted in the United States. Similarly, net position decreased \$0.6 million, or 0.5%, between June 30, 2011, and June 30, 2012.

Non-operating revenues net of non-operating expenses increased by \$0.4 million from the previous year.

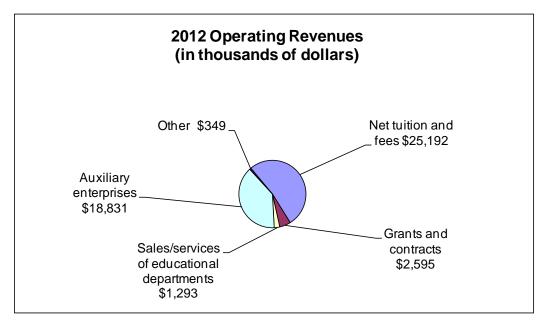

Operating Revenues

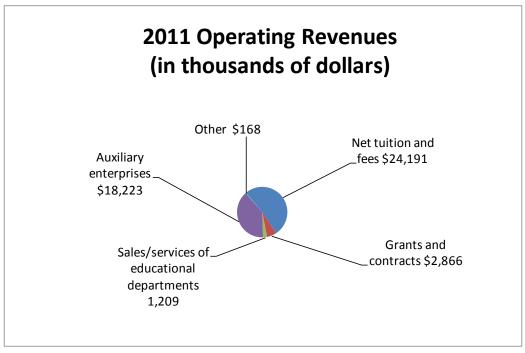

Total operating revenues for fiscal year 2013, were \$48.3 million. The graphs below show comparisons of operating revenues for fiscal years 2013, 2012, and 2011:

Management's Discussion and Analysis June 30, 2013 and 2012

Operating Revenues (continued)

Management's Discussion and Analysis June 30, 2013 and 2012

Tuition and Fees

Tuition and fees, less scholarships and waivers, of \$24.5 million, accounted for 51% of total operating revenue and decreased 3% from the prior year. Scholarships provided to students with College funds are often referred to as a tuition discount, or simply as discounting.

Grants and Contracts

This category includes all restricted revenues made available by government agencies as well as private agencies. Grant revenues are recorded only to the extent a claim to resources has been established.

Auxiliary Enterprises

Auxiliary enterprises consist of various entities that exist primarily to furnish goods or services to students, faculty, staff, or the general public and charge a fee directly related to the cost of those goods or services. They are intended to be self-supporting. The College's largest auxiliary enterprises include residence halls, dining services, and the campus store. The operating expenses for auxiliary enterprises include depreciation and utilities.

Sales and Services of Educational Activities

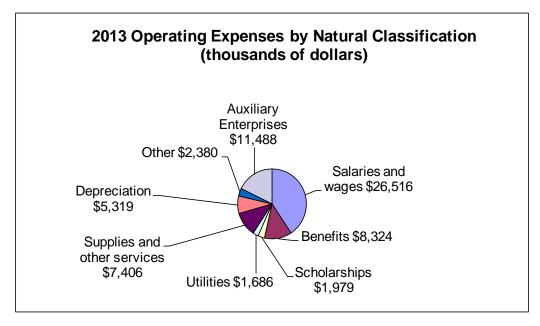

Other operating revenues consist of sales and services of educational activities totaling \$1.1 million. Examples of educational activity include conferences and study abroad fees.

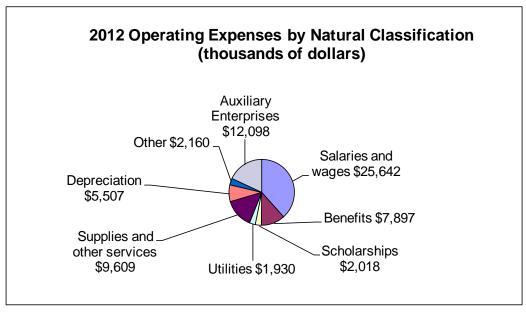

Operating Expenses

Operating expenses for 2013, totaled \$65.1 million. Of this total, \$21.2 million, or 33%, was for instruction. Operating expenses include salaries and benefits of \$34.8 million, scholarships and grants of \$2 million, non-auxiliary utilities of \$1.7 million, supplies and other services of \$7.4 million, and depreciation of \$5.3 million. Depreciation of capital goods is carried as an accounting item; however, it does not require any cash outlay on behalf of the College. Depreciation does indicate how much of the College's physical plant is being "consumed" each year.

Management's Discussion and Analysis June 30, 2013 and 2012

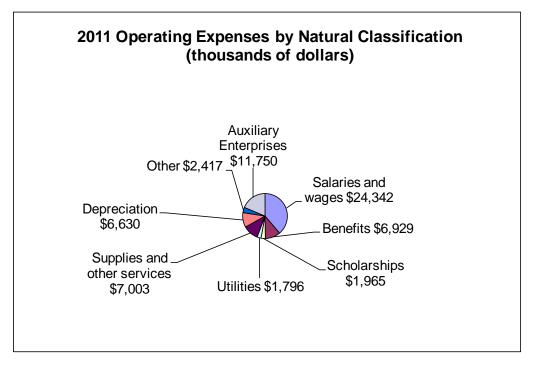

Operating Expenses (continued)

Operating Expenses (continued)

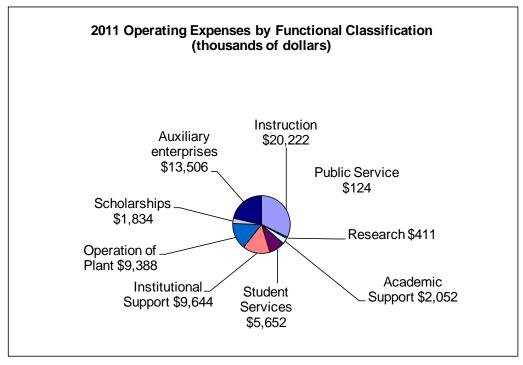

Management's Discussion and Analysis June 30, 2013 and 2012

Operating Expenses (continued)

Management's Discussion and Analysis June 30, 2013 and 2012

State Appropriation

The largest inflow in the non-capital financing activities group is the State appropriation of \$18.4 million. The legislation governing the provision of State support to St. Mary's College of Maryland, Annotated Code of Maryland 14-405 (b)(2)(ii), requires the Governor of Maryland to submit an appropriation request to the legislature equal to the prior year's budgeted amount plus an amount equal to the implicit price deflator for state and local government. In recent years, the implicit price deflator has provided an increase to the College's appropriation that has ranged between one and two percent. The State appropriation provides approximately 26.8% of the operating budget for the College. The State appropriation, while increasing in dollar terms, continues to drop steadily in its relative share of the College's budget. This drop requires the College to seek additional revenues from other sources, such as tuition and fees, auxiliary enterprises, grants, and gifts.

Investment Income, Net

Included in investment gains/losses and interest income (investment income net) are the earnings from pooled cash held at the State, funds functioning as endowment investments, other investments, and the unrealized gains and losses on those investments. These funds will be used to support future needs as determined by the Board of Trustees.

Statements of Cash Flows

The final statements presented by St. Mary's College of Maryland include the Statements of Cash Flows. One important factor to consider when evaluating financial viability is the College's ability to meet financial obligations as they mature. The College's cash and cash equivalents provide the day-to-day resources to pay for a variety of expenses.

The Statements of Cash Flows present detailed information about the cash activity of the College during the year. The statement is divided into five parts. The first part deals with operating cash flows and shows the net cash used by the operating activities of the College. The second section reflects cash flows from non-capital financing activities. This section includes the cash activity resulting from state appropriations, grant activity, and other non-operating cash flows. The third section deals with the cash flows from capital and related financing activities. This section deals with the cash used for the acquisition and construction of capital assets and related items. The fourth section reflects the cash flows from investing activities including the interest received from investing activities. The final section reconciles the net cash used in operations to the operating income or loss reflected on the Statements of Revenues, Expenses, and Changes in Net Position. Below is a condensed version of the first four sections of the Statements of Cash Flow.

Management's Discussion and Analysis June 30, 2013 and 2012

Condensed Statements of Cash Flows-Direct Method (in thousands of dollars)

Campus Enrollment

Enrollment for the year ended June 30, 2013 fell short of budgeted goals, the College adjusted the operating budget downward by \$1.2 million on a one time basis in January 2013 to align expenditures with available revenues. In May 2013 a further decline in the upcoming Fall 2013 entering class became apparent as the class size was less than expected. At that time a campus wide consultative process addressed the resultant \$3.5 million reduction to operating expenses made necessary by the shortfall in expected revenues. Ongoing recruitment efforts over the summer resulted in additional first time and transfer student admissions which reduced the shortfall to approximately 70. The College has made many changes to its admission process, hired a new vice president for enrollment management and anticipates stronger results in the future.

Fall 2005 to Fall 2012 Full-time, Part-time, and FTE Enrollment:

Fall	Full	-time:	Pa	rt-time:	Away Si	tudents:*		Full-time Equivalent**
Semester	N	(%)	N	(%)	N	(%)	Total	(FTE)
2012	1797	92.96%	65	3.40%	71	3.7%	1,933	1960
2011	1837	92.22%	61	3.06%	94	4.7%	1,992	2000

2007	1,839	91.86%	74	3.70%	89	4.45%	2,002	2,033
2006	1,815	92.74%	86	4.39%	56	2.86%	1,957	2,003
2005	1,824	92.87%	115	5.86%	25	1.27%	1,964	2,039

^{*}Away students refer to St. Mary's students studying abroad or on another U.S. campus includes one part-time student.

^{**} The fall 2006 semester includes 13 (FTE) graduate students (a new program for the College).

Management's Discussion and Analysis June 30, 2013 and 2012

Capital Assets and Debt Administration

Capital additions totaled \$3.7 million, in 2013. Capital additions were primarily comprised of the purchase of equipment and construction in progress. Current year capital additions were funded primarily with State capital appropriations of \$0.6 million, student paid facility fee revenues, and unrestricted net position which are designated for capital purposes. The principal balance of revenue bond and notes payable declined \$1.9 million, for the year ended June 30, 2013, compared with a similar decline of \$3.6 million, in the prior year as the College continues its scheduled debt payments. A current refunding of our 2002 bonds and an advance refunding of our 2003 revenue bonds occurred in June 2012, resulting in reduced debt service for future years.

For additional information concerning capital assets and debt administration, see notes 9 through 11 in the notes to the financial statements.

Factors and Events Impacting Future Periods

The level of state support, employee and retiree benefits, student tuition and fee increases, enrollment trends and rising energy costs impact the College's ability to expand programs, undertake new initiatives, and meet its core mission and ongoing operational needs.

The Maryland State appropriation contributes \$18.4 million to general operating revenue. The level of support is therefore one of the key factors influencing the College's financial condition. During the 2013 legislative session the College received additional support from the state of Maryland in the amounts of \$800 thousand and \$816 thousand to freeze tuition rates for the fiscal years 2014 and 2015 respectively. Additionally, the College received funds for the DeSousa Brent Completion Grant which phases in over 3 years to a total of \$800 thousand. The grant challenges us to increase the 4 year graduation rate of our underrepresented students to 70% for the Fall 2015 cohort.

A crucial element to the College's future will continue to be our relationship with the State of Maryland, as we work to manage tuition to make it competitive while providing an outstanding honors college education for our students. There is a direct relationship between the growth of State support and the College's ability to control tuition growth, as declines in state appropriations generally result in increased tuition levels.

The College experienced a moderate decrease in energy prices during 2012 - 2013. Significant savings were realized in electrical energy costs as our suppliers experienced lower costs due to inexpensive natural gas prices. Fuel oil, our most volatile energy component, is fixed in price for the remainder of the fiscal year but price levels are unknown and unpredictable for future years. Volatility in the financial markets has substantially reduced distribution of endowment returns from our Foundation, requiring the College to directly support scholarships and endowed professorships. Reduced interest earnings to the College from cash balances held by the Maryland State Treasurer have also restrained expenditures in many areas.

Management's Discussion and Analysis June 30, 2013 and 2012

Factors and Events Impacting Future Periods (continued)

Priority needs and requirements for support of academic programs, faculty and staff compensation, facility renewal, and new technology are significant challenges facing the College in the years to come.

Notes to Financial Statements June 30, 2013 and 2012

1. ORGANIZATION AND PURPOSE

St. Mary's College of Maryland (the College) is a component unit of the State of Maryland (the State). The College, which is governed by its Board of Trustees (Board), is an undergraduate liberal arts institution located in St. Mary's City in southern Maryland. In 1964, the College was authorized by the State Legislature as a four-year liberal arts college. The campus has been an educational site since 1840.

In fiscal year 1992, the State Legislature enacted, and the Governor signed, a law that changed the nature of the College's relationship with the State, primarily by granting to the College authority, which was previously vested in State control agencies. The significant effects of this law were the stabilization of the College's general fund support and the empowerment of the College's Board with regard to budget establishment and management, human resources functions, procurement of goods and services, and investment management of the College's endowment fund. Under the new governance structure, the College and its Board are held accountable to the citizens and officials of the State, primarily through oversight provided by the Maryland Higher Education Commission.

In October 1971, St. Mary's College of Maryland Foundation, Inc. (the Foundation) was organized exclusively for charitable, religious, educational and scientific purposes. The Foundation's purposes further include, but are not restricted to, receiving and administering funds to enhance, improve, develop and promote St. Mary's College of Maryland and to benefit the College, its students and faculty. The Foundation meets the criteria established by GASB 39 as a component unit of the College; therefore, the activities of the Foundation are shown on these financial statements as a discretely presented component unit. The Foundation is a private, nonprofit organization that reports under the standards of the Financial Accounting Standards Board (FASB). No modifications have been made to the Foundation's financial information in the College's financial reporting for any differences between GASB and FASB standards.

During the years ended June 30, 2013, and 2012, the Foundation distributed \$1,313,277, and \$1,145,073, respectively to the College for both restricted and unrestricted purposes.

The College performs various accounting, personnel, and public safety functions for Historic St. Mary's City (the City). The College is paid a fee for these services. The College does not exercise control over the City; therefore, the activities of the City are not reflected or consolidated in these financial statements.

Notes to Financial Statements June 30, 2013 and 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government agency engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to first apply the expense towards restricted resources and then towards unrestricted resources.

Basis of Presentation - Foundation

The financial statement presentation for the Foundation follows the recommendations of the FASB in its Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-Profit Organizations. Under SFAS No. 117, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Complete financial statements of the foundation may be requested from Debora Brooks, Development Office – Calvert Hall Room 102, St. Mary's College of Maryland, 18952 E. Fisher Road, St. Mary's City, MD. 20686.

Cash Equivalents

For purposes of the statements of cash flows, the College considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Investments

Investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net values of shares held by the College at year end. The fair value of other types of investments is based on quoted market prices at year end.

Accounts Receivable

Accounts receivable consists of tuition and fee charges to students and charges for auxiliary enterprises services provided to students, faculty and staff, the majority of each residing in the State of Maryland. Accounts receivable also include amounts due from Federal, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the College's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts.

Notes to Financial Statements June 30, 2013 and 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Inventories

Inventories are valued at cost and are accounted for under the first-in, first-out method, which is not in excess of net realizable value.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000, or more, and an estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements with a cost of \$50,000, or more, and that significantly increase the value or extend the useful life of the structure, are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over estimated useful lives of the assets, generally 40 years for buildings, 20 years for building improvements, 16-25 years for infrastructure, 7 years for library books, and 3-12 years for capital equipment.

Works of art and historical collections have not been capitalized or depreciated. Under College policy, works of art and historical collections are held for public exhibition, education or research in furtherance of public service rather than financial gain. They are protected, cared for and preserved, and the proceeds from sales of the collection are used to acquire other items for the collection.

Deferred Revenue

Deferred revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period.

Compensated Absences

Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued vacation payable in the statement of net assets, and as a component of compensation expense in the statement of revenues, expenses, and changes in net assets. The current portion of accrued vacation payable is estimated by assuming that the proportion of the accrued vacation that will be used during the next year will be the same as the proportion that was used this year.

Notes to Financial Statements June 30, 2013 and 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Position - College

The College's net position is classified as follows:

Net investment in capital assets: This represents the College's net investment in capital assets related to those capital assets. It is measured by the fund balance in the investment in plant subgroup, after the debt related to finished construction has been transferred into the subgroup.

Restricted net position – expendable: Restricted expendable net position represent resources which the college is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

Restricted net position – nonexpendable: Nonexpendable restricted net position represent endowment and similar type funds which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted net position: Unrestricted net position represent resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College, and may be used at the direction of the governing board to meet current expenses for any purpose. Auxiliary enterprises are substantially self-supported activities that provide services for students, faculty, staff, or the local community.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to use the restricted resources first.

Net Assets – Foundation

The Foundation's net assets are classified as follows:

Contributions received are recorded as permanently restricted, temporarily restricted, or unrestricted revenue, depending on the existence and/or nature of any donor restrictions.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes.

Notes to Financial Statements June 30, 2013 and 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Classification of Revenue

The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating Revenues: Operating revenues are generated by the typical activities of a university, such as teaching and research, and include: (1) student tuition and fees, (2) sales and services of auxiliary enterprises, and (3) grants that support research and instruction.

Nonoperating revenues: Nonoperating revenues are generated by incidental activities, gifts and subsidies, and include investment income, gifts, and state appropriations.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net assets. Scholarship discounts and allowances are the difference between the published charge for goods and services provided by the College, and the amount that is actually paid by students or third parties making payments on the students' behalf. To the extent that the College's unrestricted funds are used to award scholarships, grants and waivers, the College reports a scholarship discount and allowance.

Unconditional Promises to Give

Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are met.

Notes to Financial Statements June 30, 2013 and 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Pronouncements

The GASB issued Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre- November 30, 1989 FASB and AICPA Pronouncements, in December 2010, effective for financial statement periods beginning after December 15, 2011. In November 2010, the GASB issued Statement No. 60, Accounting and Financial Reporting for Service Concession Arrangements, and Statement No. 61, The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and No. 34, effective for periods beginning after December 15, 2011 and June 15, 2012, respectively. In addition, in June 2011, the GASB issued Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, effective for periods beginning after December 15, 2011. The College has implemented the above GASB statements, and they have no material effect on the financial position of the College.

In March 2012, the GASB issued Statement No. 65, Items Previously Reported as Assets and Liabilities, and Statement No. 66, Technical Corrections – 2012 – an amendment of GASB Statements No. 10 and No. 62, effective for periods beginning after December 15, 2012. In June 2012, the GASB issued Statement No. 67, Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25, and Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, effective for periods beginning after June 15, 2013, and 2014, respectively. In January 2013, GASB issued Statement No. 69, Government Combination and Disposals of Government Operations, effective for periods beginning after December 15, 2013. In April 2013, GASB issued Statement No. 70, Accounting and Financial Reporting for Non-exchange Guarantees, effective for periods beginning after June 15, 2013. The College will implement these statements as of their effective dates, and is still in the process of determining the effect of implementing these GASB statements.

3. CASH AND CASH EQUIVALENTS

Cash and Cash Equivalent on hand with State Treasurer

As of June 30, 2013 and 2012, the College had cash on deposit in an internal pooled cash account with the Maryland State Treasurer (Treasurer) in the amount of \$14,115,013 and \$11,297,972, respectively. The State treasurer has statutory responsibility for the State's cash management activities. The amount due from the Treasurer is part of the State's internal investment pool and is not separately identified as to specific types of securities for individual agencies within the State. The Treasurer maintains these and other State agency funds on a pooled basis in accordance with State statutes. As of June 30, 2013, the College's amount due from the treasurer was less than 1 percent of total deposits with the Treasurer. For additional information on cash risks, see the State of Maryland Comprehensive Annual Financial Report for the year ended June 30, 2013.

Notes to Financial Statements June 30, 2013 and 2012

3. CASH AND CASH EQUIVALENTS (continued)

Other Cash and Cash Equivalents

As of June 30, 2013, and June 30, 2012, the College has cash on deposit with other local banks in the amount of \$578,361, and \$480,428, respectively. The College has statutory responsibility for the management of these funds which are fully insured by Federal depository insurance. As of June 30, 2013, and 2012, the College has \$85,889, and \$199,450, respectively, in Alba, Italy for purposes of enabling local program activities.

4. INVESTMENTS

The fair value of endowment and other investments as of June 30, 2013, and 2012, were as follows:

Fair Value	
236,189	
,033,709	
755,625	
668,660	
978	
,695,161	
,	

Endowment fund investments are made in accordance with the investment policy of the College, adopted by consent of the Board of Trustees of the College, which authorizes the College to invest in domestic equities, international equities, fixed income or cash equivalents, and real estate investment trusts, within the proportions defined by the policy. Mutual funds, convertible preferred stocks, and convertible bonds may be used.

Bond funds are invested in short-term S&P AAA rated, Wells Fargo Adv Government Money Market Fund, Fannie Mae Guaranteed Securities, Notes and Federal Home Loan Bank Notes.

As of June 30, 2013, the College's endowment fund had the following fixed income investments, ratings and maturities:

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The College's investment policy requires that fixed income securities may consist only of obligations with average durations of seven years or less.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College's investment policy requires that the quality rating of bonds be BBB or better. The quality rating of commercial paper must be A-1 or better.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The College's investment policy implies that the investments in the debt securities of any one company may not exceed 10 percent of the portfolio. As of June 30, 2013, the College had invested \$227,257, of endowment funds in Fannie Mae, amounting to 9% of the College's total investments.

Custodial Credit Risk: For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the College, and are held by either (a) the counterparty or (b) the counterparty's trust department or agent but not in the College's name. The College does not have a policy for custodial credit risk.

Notes to Financial Statements June 30, 2013 and 2012

4. INVESTMENTS (continued)

The Foundation's investments consisted of the following as of June 30:

	2013	2012		
Equities	\$ 12,787,488	\$	7,051,541	
Fixed Income	5,457,540		7,163,336	
Cash Equivalents	2,067,851		11,869,279	
Interest in Trust	1,354,544		1,293,740	
Alternative Investment	7,958,295		-	
Total Investments	\$ 29,625,718	\$	27,377,896	

During 2000, the Foundation became a named beneficiary to one-fourth of a trust held by a third party. The trust is restricted to scholarships. Under the terms of the trust, the Foundation will receive a distribution each year of approximately one-fourth of 5% of the value of the trust, even if the 5% is to be paid from the principal. The Foundation records one-fourth of the annual changes in market value of the trust as investment income. The value of the Foundation's share of the trust was \$1,354,544 and \$1,293,740, as of June 30, 2013, and 2012, respectively. The Foundation received a distribution of \$70,000 for each of the year's ended June 30, 2013, and 2012, respectively.

The Foundation's investment income consisted of the following for the year ended June 30, 2013, and 2012:

			Ju	ne 30, 2013			
	Temporarily						
	Unrestricted \$ 117,890		Restricted		Total

Realized and unrealized gains Interest and dividends				Restricted	\$		

Notes to Financial Statements June 30, 2013 and 2012

4. INVESTMENTS (continued)

Other Investments

In 2002, the College paid \$536,907, to purchase a 10 year US Treasury Note with a par value of \$532,065. The note paid an interest rate of 4.375% annually, with semi-annual interest payments in February and August. The Note matured in August 2012.

5. ENDOWMENTS

The College records most endowment income as unrestricted, nonoperating income. Endowment income not expended for restricted scholarships or other allowable purposes during the fiscal year is included in funds functioning as endowments.

The spending rate of general endowment funds (quasi and pure), as adopted by the Board, is 4% of the average market value of total funds as of the last day of the previous three calendar years. The spending rate applies to endowment funds for both unrestricted and restricted purposes and is applied in accordance with the designation of each endowment. The difference between the calculated amount and the actual realized endowment income is recorded as a non-mandatory transfer from or to the quasi-endowment fund in accordance with the above spending policy. The objectives of the spending rule are to preserve the purchasing power of the principal and attain a minimum of one percent real growth.

The endowment net assets are reported as follows:

Φ	1 000 011		
Ψ	1,020,011	\$	1,020,011
	1,431,467		1,460,817
\$	2,451,478	\$	2,480,828
\$	3	, ,	

Notes to Financial Statements June 30, 2013 and 2012

6. ACCOUNTS RECEIVABLE

Accounts receivable consisted of the following:

	June 30, 2013	June 30, 2012			
Student tuition and fees	\$ 136,857	\$ 150,813			
Campus store	80,617	42,824			
Travel advances	1,016	16,372			
Federal, state and private grants and contracts	814,536	557,847			
MPP Payment Receivable	33,220	-

Notes to Financial Statements June 30, 2013 and 2012

11. REVENUE BONDS

Revenue bonds consisted of the following (at par) as of:

	 June 30, 2013	June 30, 2012			
2002 Bonds, Series A	\$ -	\$	-		
2003 Subordinate Revenue Bonds, Series A	-		-		
2005 Subordinate Revenue Bonds, Series A	16,110,000		16,780,000		
2006 Subordinate Revenue Bonds, Series A	3,850,000		3,935,000		
2007 Subordinate Revenue Bonds, Series A	-		-		
2012 Subordinate Revenue Bonds, Series A	14,820,000		15,750,000		
Total Revenue Bonds	34,780,000		36,465,000		
GASB 23 Adjustment to 2005/2012 Bond Issuance	(1,984,421)		(2,079,721)		
Premium/Discount	610,769		667,275		
Total	\$ 33,406,348	\$	35,052,554		

In 1993, 1997, and 2000, the College issued \$5,105,000, \$10,000,000, and \$11,245,000, respectively, of revenue bonds for the purpose of constructing new student housing facilities, design, construction and equipping of Charles Hall for a Campus Center, and the renovation of, and construction of an addition to, the existing gymnasium. All of the aforementioned bonds are limited obligations of the College payable solely from, and secured by, the gross revenues derived from academic fees and auxiliary facilities fees. In 2002, the College issued \$13,650,000, of subordinate revenue bonds to finance the planning and construction of a new student housing facility. Debt issued by the College for this purpose is not a debt of the State. In 2003, the College issued \$6,620,000, of subordinate revenue bonds to refinance the 1993 revenue bonds and the Department of Education loan. In 2005, the College issued \$19,105,000, of subordinate revenue bonds to refinance the 1997, and 2000, revenue bonds. In 2006, the College issued \$4,235,000, of subordinate revenue bonds to finance the design, construction, equipping and furnishing of a new student residence hall or facility as an addition to Warring Commons. In 2007, the College issued \$4,000,000, of subordinate revenue bond anticipation notes to finance the costs of the design, construction, reconstruction, renovation, equipping and furnishing of the River Center and Waterfront Project, which consists of a two story wood and masonry framed building that will replace the existing boathouse, together with all required storm water management systems and structures, a small parking lot, exterior walkways and site lighting, landscaping, demolition of the existing boathouse, telecommunications wiring, site utilities including underground electric lines, sewer, and water, and furnishings and equipment for the building (collectively, the "Auxiliary Facility Project").

Notes to Financial Statements June 30, 2013 and 2012

11. REVENUE BONDS (continued)

Academic Fees and Auxiliary Facilities Fees Revenue Bonds

The 1993 bonds maturing after September 1, 2003, were callable at premiums of up to 2%. The college exercised the callable options and refinanced the bonds in 2003.

The 1997 Series A Revenue bonds are dated July 1, 1997, and bear interest from 4.70% to 5.135%. Annual maturities will increase until the final principal payment of \$645,000, becomes due in 2027. The bonds maturing after September 1, 2007, are callable at premiums of up to 1%.

The 2000 Series A Revenue bonds are dated July 15, 2000, and bear interest from 5.125% to 5.550%. Annual maturities will increase until the final principal payment of \$740,000, becomes due in 2030. The bonds maturing after March 1, 2010, are callable at premiums of up to 1%.

The 2002 Series A Subordinate revenue bonds are dated June 15, 2002, and bear interest from 3.000% to 4.880%. Annual maturities will increase until the final principal payment of \$830,000, becomes due in 2033. The bonds maturing after September 2012, are callable at premiums of up to 1%.

The 2003 Series A Subordinate revenue bonds are dated August 1, 2003, and bear interest rates from 2.500% to 4.800%. Annual maturities will increase until the final payment of \$350,000, becomes due in 2023. The bonds maturing after September 1, 2013 are callable at no premium.

The 2005 Series A subordinate revenue bonds are dated April 1, 2005, and bear interest rates from 3.250% to 5.000%. Annual maturities will increase from 2006, until the final payment of \$4,480,000, becomes due in 2030. The bonds maturing after September 1, 2015, are callable at a premium of 1%.

The 2006 Series A subordinate revenue bonds are dated June 28, 2005, and bear interest rates from 4.250% to 4.500%. Annual maturities will increase from 2008, until the final payment of \$255,000, becomes due in 2038. The bonds maturing after September 1, 2016, are callable at no premium.

The 2007 Series A Revenue Bond Anticipation Notes, bearing interest at the rate of 3.8589% were retired and are no longer a liability.

Investments totaling \$123,957, and \$123,930, for 2013, and 2012, respectively, are recorded as Other Restricted Investments under non-current assets and are comprised of certain funds to be held and invested by the Trustee. As such, the use of these funds is limited to the bond project issue cost, capitalized interest, or reserve fund purposes.

Notes to Financial Statements June 30, 2013 and 2012

11. REVENUE BONDS (continued)

Academic Fees and Auxiliary Facilities Fees Revenue Bonds (continued)

The trust agreements related to the 1997 and 2000 Series A revenue bonds and the 2002, 2003, 2005, 2006, 2007, and 2012 Series A subordinate revenue bonds establish several covenants with which the College must comply. Those covenants address the payment of bonds, operation and maintenance of facilities, and transfers of facilities, among other matters. The covenants also require the College to fix, revise, charge, and collect auxiliary facilities and academic fees with respect to each fiscal year in amounts sufficient to make all the payments on the bonds as required by the trust agreement.

In-Substance Defeasance

The 2005 Series A bonds were issued on April 20, 2005, to refinance the 1997 Series A, and the 2000 Series A bonds. The total difference between the cash flows required to service the old debt and the cash flows required to service the new debt and complete the refunding was \$1,208,350.

The reacquisition price exceeded the net carrying value of the old debt by \$1,360,466, on April 20, 2005. This amount was deferred and is being amortized to interest expense over 30 years, which is the remaining life of the debt. The unamortized balance was \$988,858, and \$1,034,206, as of June 30, 2013, and 2012, respectively; and, is reported as a deduction from the new debt.

The 2012 Series A bonds were issued on June 06, 2012, to refinance the Series A 2002 and 2003 bonds. The difference between the cash flows required to service the old debt and the cash flows required to service the new debt and complete the refunding was \$2,618,781. A gain of \$2,026,231, was a result of this refinancing.

Notes to Financial Statements June 30, 2013 and 2012

11. REVENUE BONDS (continued)

In-Substance Defeasance (continued)

The reacquisition price exceeded the net carrying value of the old debt by \$1,048,983, on June 6, 2012. This amount is deferred and being amortized to interest expense over 22 years, which is the remaining life of the debt. The unamortized balance was \$995,563 and \$1,045,514, as of June 30, 2013, and 2012, respectively, and is reported as a deduction from the new debt.

Principal and Interest Payments

Future principal and interest payments of outstanding revenue bonds are as follows:

	Revenue					
Fiscal Year	 Bonds	 Interest	Total			
2014	\$ 1,605,000	\$ 1,309,400	\$	2,914,400		
2015	1,645,000	1,262,550		2,907,550		
2016	1,700,000	1,214,200		2,914,200		
2017	1,755,000	1,163,138		2,918,138		
2018	1,725,000	1,106,056		2,831,056

2029-2032	6,335,000	797,467		7,132,467		
2033-2038	 1,155,000	 138,634		1,293,634		
Total	\$ 34,780,000	\$ 14,031,029	\$	48,811,029		

Deferred Debt Issue Costs

Administrative, legal, financing, underwriting discount and other miscellaneous expenses that were incurred in connection with the 2002 Series A, 2003 Series A, 2005 Series A 2006 Series A, and 2007 Series A Academic Fees and Auxiliary Facilities Fees Revenue Bond offerings were deferred and are being amortized over the life of the bond issue. The amortization expense on deferred debt issue costs related to these offerings was \$74,754, and \$28,254, for 2013, and 2012, respectively.

Notes to Financial Statements June 30, 2013 and 2012

11. REVENUE BONDS (continued)

Notes Payable

On April 11, 2007, the College financed an Energy Performance Contract, which will reduce energy consumption through implementation of specific energy conservation measures (ECMs), under the State of Maryland's Energy Performance Contract Master Lease-Purchase Financing Program in the amount of \$2,047,727, and under the Maryland Energy Administration's Agency Energy Conservation Loan Program in the amount of \$808,000.

These notes are recorded at their net present value; and, the minimum annual payments include principal and imputed interest using a rate of 3.76%. Assuming the College does not prepay the principal, the State of Maryland's Energy Performance Contract Master Lease-Purchase Financing Note is scheduled to be paid off January 1, 2020, and the Maryland Energy Administration Conservation Loan is scheduled to be paid off July 1, 2016.

Defeased Revenue Bonds

In connection with issuance of the 2005 Series A Bonds, the Academic Fees and Auxiliary Facilities Fees Subordinated Revenue Refunding Bonds, 2000 Series (2000 Revenue Bonds) were legally defeased. Assets were placed in an irrevocable trust with an escrow agent for future debt service payments on the defeased bonds. Accordingly, neither the indebtedness nor the assets of the irrevocable trust are included in the College's financial statements.

In connection with the issuance of the 2012 Series A Bonds, the Academic Fees and Auxiliary Facilities Fees Refunding Bonds, (2002 and 2003 Series A Bonds) were legally defeased. Assets were placed in an irrevocable trust with an escrow agent for future debt service payments on the defeased bonds. Accordingly, neither the indebtedness nor the assets of the irrevocable trust are included in the College's financial statements. The outstanding balance of the defeased Series 2002 and 2003 Bonds was \$3,914,721 and \$16,070,184, as of June 30, 2013 and 2012, respectively.

12. LEASES

Operating Leases

The College leases copiers and trailers. Total costs for these operating leases were \$126,675, and \$109,004, for years ended June 30, 2013, and 2012, respectively.

Notes to Financial Statements June 30, 2013 and 2012

13. RETIREMENT PLANS

Maryland State Retirement and Pension System

The College contributes to the Retirement and Pension System of Maryland (the System), established by the State to provide pension benefits for State employees and employees of 123 participating entities within the State. Although the System is an agent, multiple employer public employee retirement system, the College accounts for the plan as a cost-sharing multiple employer public employee retirement system and a separate valuation is not performed for the College and the College's only obligation to the plan is its required annual contributions.

The System is considered part of the State's financial reporting entity and is not considered a part of the College's reporting entity. The System prepares a separate Comprehensive Annual Financial Report which can be obtained from the Maryland State Retirement and Pension System at 120 East Baltimore Street, Baltimore, Maryland 21202.

Plan Description

The System, which is administered in accordance with Article 73B of the Annotated Code of Maryland, consists of the several plans that are managed by the Board of Trustees for the System. All State employees hired into positions that are permanently funded and employees of the participating entities are eligible for coverage by the plans.

Funding Policy

The College's required contributions are based upon actuarial valuations. Effective July 1, 1980, in accordance with the laws governing the System, all benefits of the System are funded in advance. The entry age normal cost method is the actuarial cost method used. Both the College and covered employees are required by state statute to contribute to the System. The employees contribute from 2 to 5% of compensation, as defined, depending on the participant's plan.

The College's contributions during the years ended June 30, 2013, 2012, and 2011, were \$1,121,727, \$988,869, and \$681,084, respectively.

Optional Retirement Programs

In addition to the Retirement and Pension System, the College also offers optional retirement programs for faculty and professional staff that include: Fidelity Trust, TIAA-CREF and AIG-VALIC. The College contributes 7.25% of base salary into these plans. At this time, the employee is not required to contribute to the plan. The amounts contributed by the College were \$1,186,160, \$1,160,258, and \$1,040,282, for the years ended June 30, 2013, 2012, and 2011, respectively.

Notes to Financial Statements June 30, 2013 and 2012

13. RETIREMENT PLANS (continued)

Optional Retirement Programs (continued)

Beginning in fiscal year 2006, a supplemental plan was introduced whereby the College matched 100% (up to \$600) of all contributions made into the plan. There were no amounts matched for the years ended June 30, 2013, and 2012, respectively.

Other Post Employment Benefits

Former College employees who are receiving benefits participate in the State Employee and Retiree Health and Welfare Program (Plan) which is a single-employer defined benefit health care plan established by the State Personnel and Pensions Article, Sections 2-501-2-516 of the Annotated Code of Maryland. The Plan, which is contributory, is self-insured to provide medical, hospitalization, prescription drug and dental insurance benefits to retiree's and their dependents. Substantially all employees become eligible for these benefits when they retire. The cost of retiree's health care benefits is expensed when paid; and totaled \$1,271,410, \$1,071,388, and \$697,680, for the years ended June 30, 2013, 2012, and 2011 respectively. Furthermore, the State established a Postretirement Health Benefits Trust Fund (OPEB Trust) as a separate entity to receive appropriated funds and contributions which will be used to assist the Plan in financing the State's post retirement health insurance subsidy

The OPEB Trust is established in accordance with the State Personnel and Pension's Article, Section 34-101, of the Annotated Code of Maryland and is administered by the Board of Trustees for the State Retirement and Pensions System. Financial Statements of the Trust may be obtained from the Office of the Comptroller, Treasury Building, Annapolis, MD 21401.

The contribution requirements of the Plan are established by the Secretary of the Department of Budget and Management. Each year the Secretary recommends to the governor the State's share of the costs to the Plan. Information about the plan, including actuarial assumptions, is included in the State's CAFR which may be obtained from the Comptroller of Maryland, LLG Treasury Building, Annapolis, MD 21404.

14. COMMITMENTS & CONTINGENCIES

Litigation

In the normal course of operations, certain claims have been brought against the College, which are in various stages of resolution. Management believes that the ultimate resolution of the claims will not have a material adverse effect on the College's financial position.

15. RISK MANAGEMENT

The College is exposed to various risks of loss to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to and illness of employees; and natural disasters. The College participates in the State's various self-insurance programs.

Notes to Financial Statements June 30, 2013 and 2012

15. RISK MANAGEMENT (continued)

The State is self-insured for general liability, property and casualty, workers compensation, environmental and anti-trust liabilities and certain employee health benefits.

The State allocates the cost of providing claims servicing and claims payment by charging a "premium' to the College based on a percentage of the College's estimated current-year payroll or based on the average loss experienced by the College. This charge considers recent trends in actual claims experience of the State as a whole and makes provisions for catastrophic losses.

The College records a liability when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated. Liabilities recorded include a provision for claims incurred but not reported. Because actual claims liabilities depend on such complex factors such as inflation, changes in legal doctrines, and damage awards, actual claims could differ from estimates. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims and other economic and social factors. Liabilities for incurred workers' compensation losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using a 4% discount rate. The provision for workers' compensation is based upon a separately determined actuarial valuation for the fiscal year ended June 30, 2013, and June 30, 2012.

As of June 30, 2013, the College has recorded \$392,000, in liability associated with workers' compensation. The workers' compensation liability activity for the years ended June 30, 2013, and 2012, was as follows:

	В	eginning of	C	Claims and					A	mounts Due
	F	iscal Year	Changes in		Claim			lance at Fiscal	1	Within One
		Liability]	Estimates	P	ayments		Year-End		Year
Year ended, June 30, 2013	\$	367,000	\$	164,055	\$	(139,055)	\$	392,000	\$	60,760
Year ended, June 30, 2012		297,000		131,612		(61,612)		367,000		56,885

Notes to Financial Statements June 30, 2013 and 2012

16. FUNCTIONAL CLASSIFICATIONS WITH NATURAL CLASSIFICATIONS

The College's operating expenses by functional classification were as follows:

Functional Classification Year Ended June 30, 2013
