MISSION STATEMENT
of
St. Mary's College of Maryland

Institutional Identity

Character and purpose: A public honors college, St. Mary's College of Maryland seeks to provide an excellent undergraduate liberal arts education and small-college experience of the sort more commonly associated with outstanding private institutions: a faculty of gifted teachers and distinguished scholars, a talented and diverse student body, high academic standards, a challenging curriculum rooted in the traditional liberal arts, small classes, many opportunities for intellectual enrichment, and a spirit of community.

This focus gives St. Mary's a distinctive identity within Maryland's higher education system and thus offers the people of Maryland an important alternative. Small, intellectually rigorous liberal arts colleges have always made vital contributions to American society, producing a disproportionate number of the nation's leaders in the professions, in science, in public affairs, and in business. These colleges stress education rather than training, the development of mental skills and abilities, and intellectual breadth in the arts, humanities, natural, and social sciences. By fostering close faculty-student interaction--a function of their small size--such colleges steep their students in the process of intellectual, social, and personal exploration. St. Mary's is the most residential of the state's colleges and universities, a fact that enhances its success in forging a close-knit academic community.

As a public college, St. Mary's offers families throughout Maryland an affordable alternative to much more expensive private institutions offering a similar education. Moreover, the College sees its distinctive mission among liberal arts colleges as the provision of the opportunity for students from a broad socioeconomic, ethnic, and racial spectrum to acquire the kind of education that will enable them to assume leadership roles in their chosen fields and in civic matters. The St. Mary's alternative makes possible a diverse, heterogeneous student body that can foster the most fruitful kinds of intellectual and personal interchanges and the most exciting of educational communities.

Given its designation as an honors college, St. Mary's carries the obligation to offer its students an educational experience that goes beyond traditional course-based study and, rather, fosters independent learning and the forging of links between curricular, co-curricular, and extra-curricular interests and activities. Because it is a public honors college, St. Mary's hopes to instill in its students a sense of civic responsibility, emphasizing notions of community and encouraging cooperative or collaborative endeavors in both academic and extra-curricular life.

PREFACE

If we could first know where we are, and whither we are tending,
we could then better judge what to do and how to do it.

-- Abraham Lincoln, 1858

Several changes will be found in this 1994-95 edition of the *SMC Factbook*. Specifically,

- * an "Overall High School GPA" column has been added to the "Admissions Statistics" table; p. 11,
- * the "Internship Program" table has been reorganized to save space; p. 21,
- * "Enrollment by Discipline and Course Level" has been added as a new table; p. 22,
- * for precision, the "Instructional Staff by Division" and "Full-time Faculty by Division" tables have been renamed to "Full- and Part-time Faculty on Campus and Teaching by Division" and "Assignment of Full-time Faculty Lines by Discipline," respectively; pp. 29-30,
- * "Division Heads and Department Chairs" has been added as a new table; p. 30,
- * "Terminal Degrees" has been added to the faculty demographics table; p. 31,
- * to enhance usefulness, faculty counts have been restricted to faculty lines; pp. 31-33,

and

- * "Replacement Faculty" tables have been added to the faculty lists of Appendix B; pp. 50-52.

Many have contributed to the usefulness and clarity of this edition of the *Factbook*. I wish to thank those members of the college community who have supplied and verified data for this new edition and, in particular, Betty Jo Miller for her helpful editing and other assistance in all phases of production.

Please let me know if you find any errors or have suggestions concerning new data to include in future editions of the *Factbook*.

FACTS IN BRIEF

St. Mary's College of Maryland is a four-year, state-supported, liberal arts college offering the Bachelor of Arts degree in 19 disciplines.

Bachelor of Arts Degrees are offered in Anthropology/Sociology, Art, Biology, Chemistry, Dramatic Arts, Economics, English, Foreign Language, History, Human Development, Independent Student-designed Major, Mathematics, Music, Natural Science, Philosophy, Physics, Political Science, Psychology, and Public Policy.

Total enrollment for the Fall, 1994, semester was 1565 students, with an FTE of 1547. Eighty-six percent of the student body are full-time students; seventy-six percent of all full-time students live on campus.

In 1994, 352 baccalaureate degrees were awarded as follows: Anthropology / Sociology - 28, Art - 13, Biology - 38, Chemistry - 4, Dramatic Arts - 7, Economics - 61, English - 26, Foreign Language - 2, History - 17, Human Development - 17, Independent Student Designed Major - 3, Language and Literature - 18, Mathematics - 12, Music - 8, Natural Science - 2, Philosophy - 14, Physics - 2, Political Science - 31, Psychology - 45, and Public Policy - 4.

During the fall of 1994, the College employed 87 regular full-time faculty (non-"Visiting", Assistant through Full Professor), 16 full-time "Visiting" faculty, 6 full-time non-visiting Instructors, and 54 part-time faculty. Approximately 97% (84 out of 87) of all regular full-time faculty hold doctoral or other terminal academic degrees. Since the 1982-83 academic year, St. Mary's College has had 13 Fulbright Scholars among the faculty.

St. Mary's occupies 32 buildings on a 275-acre campus on the St. Mary's River. The College's facilities include a 146,126 volume library, a multi-purpose fine arts center, a community center, an Olympic-qualifying swimming pool, an outdoor track, six tennis courts, two gymnasiums, a variety of sailboats and other water craft, and a riverfront boathouse and dock.

St. Mary's College is accredited by the Middle States Association of Colleges and Schools.

For 1993-94, the College had a total revenue of \$24.9 million. The State of Maryland provides an annual appropriation of approximately \$10.6 million. A copy of an independent auditor's report concerning the finances of the College is available in the Office of the Comptroller.

The College reported College Endowment Funds of \$2,383,760 for the fiscal year ending in 1994.

¹Percentages by racial classification are always based on the total number of "Race Known."

²Some governmental reports exclude non-resident aliens (those students with, typically, an F1 visa) from racial counts. The above figures portray the racial diversity of all full-time students, regardless of visa type. The numbers of non-resident aliens included within each racial category by year are indicated within parentheses in the "Af+As+H+W" column. This column header refers to the numbers of non-resident aliens included within the AfrAm, Asian, Hispanic, and White counts, respectively. For example, the "(3+9+2+10=24)" entry which appears in the "Af+As+H+W" column for Fall '91 indicates that 3 of the 112 AfrAms during that semester were non-resident aliens, 9 of the 47 Asians were non-resident aliens, etc.

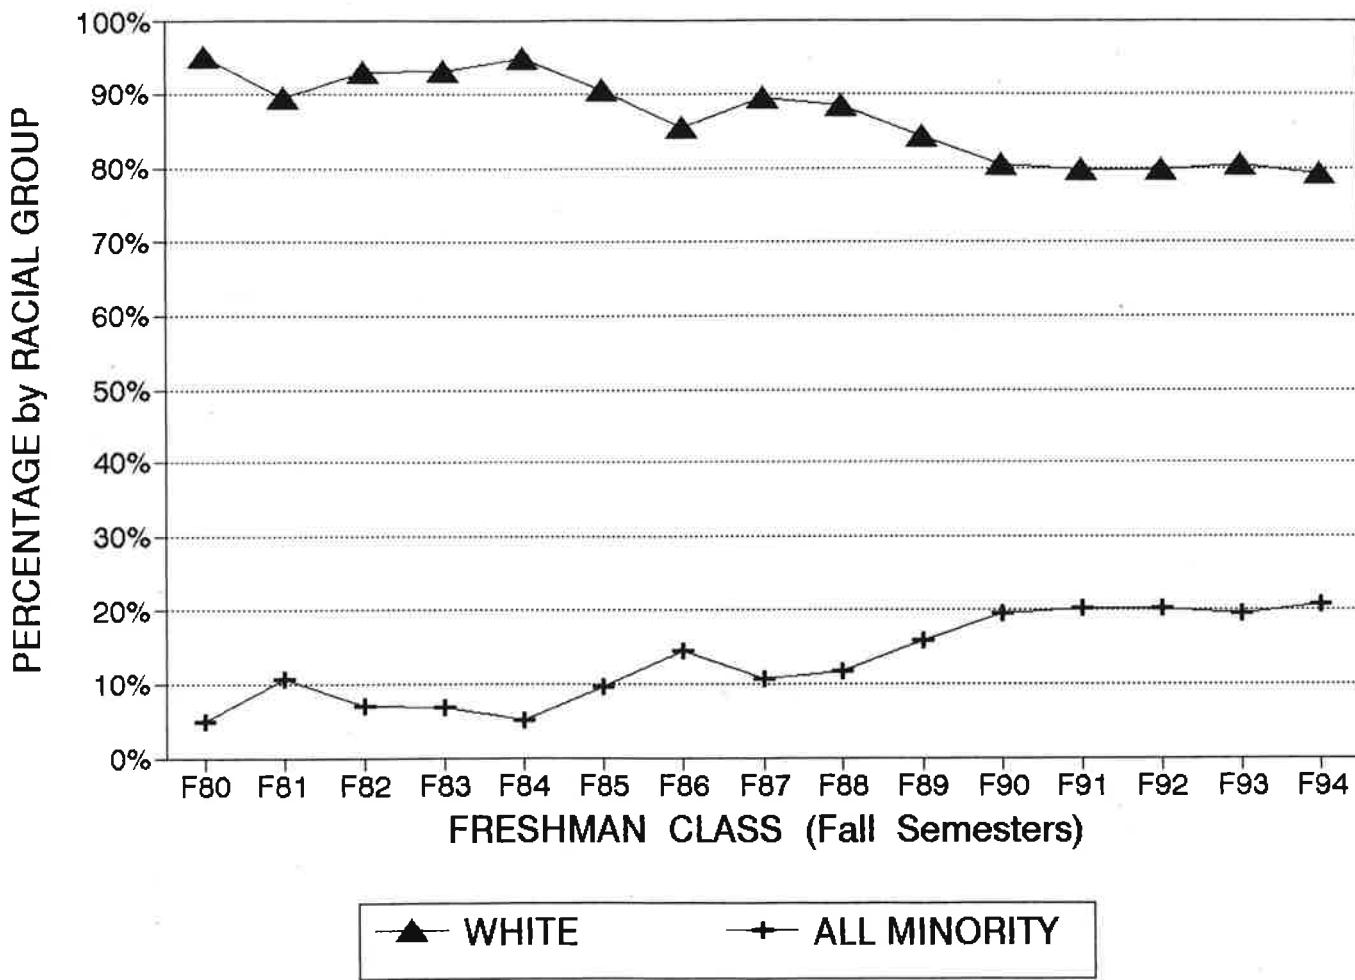

³Racial classifications of non-resident aliens not available before Fall '87.

¹Two retention statistics are reported within parentheses: the top statistic is the percentage of the freshman cohort who re-enrolled for the indicated year whereas the bottom statistic is the percentage of classmen retained from the previous year. For example, in the third entry of the "Fall '85" line, 192 (^{63.0}/_{80.7}), the top statistic indicates that 63.0% of the original freshman class re-enrolled for a third year (i.e., 192 of the original 305 freshmen enrolled for a third year) whereas the bottom statistic indicates that 80.7% of the freshman class who enrolled for a second year re-enrolled for a third year (i.e., 192 of the 238 classmen enrolled for a second year re-enrolled for a third year).

²Includes students who graduate in fewer than four years.

¹Includes all faculty who are on campus and teaching, as shown in the Schedule of Classes. Faculty on sabbatical or leave-of-absence are not included.

²Names of full- and part-time instructional staff are provided in Appendix B.

³The number of full-time "Visiting" faculty and "Instructors" included within each "FT" count is indicated within parentheses.

⁴Some part-time faculty teach courses for more than one division. Such faculty are included in the "PT" total for each division but are only counted once in the overall "PT" total.

¹Calculations based on full-time faculty holding a state-authorized line. This includes full-time faculty who hold a temporary state line and are, typically, designated "Visitor." To avoid double counting of faculty lines, the following counting rules are observed: 1) count regular faculty on sabbatical but not sabbatical replacement faculty, 2) count leave-of-absence replacement faculty but not regular faculty on leave-of-absence, and 3) count only one member of split-line pairs. Appendix B provides a list of all faculty and their teaching status.

²"N" and "%" apply only to "Rank," "Highest Degree," and "Sex" categories.

³An associate professor "split line" (two associate professors in biology occupying a single faculty line) is counted as one associate professor.

⁴Includes all doctorates, the MM, and the MFA.

⁵Includes one male replacing a female on leave-of-absence.

⁶Does not include one female on leave-of-absence.

⁷(a) Extra pay for administrative duties (Division and Department heads) is not included in salary calculations. (b) "Special case" salaries (viz., salaries of those on special sabbatical, sabbatical replacement, leave-of-absence, split-line arrangements, and the Distinguished Professor) have been excluded from all salary calculations. (c) Average salaries only reported for cells containing four or more faculty.

³Decreases in average salary may arise from several sources: the hiring of "visiting" faculty within an academic rank, promotion of some of the more highly paid faculty to the next academic rank, and the attrition of highly paid faculty.

Excerpts from the Mission Statement, cont.

Functional emphasis: St. Mary's stresses teaching and seeks above all to foster excellence in instruction. In recruiting a new faculty member, the College has as its foremost concern the candidate's ability to provide excellent instruction. As faculty members are considered for promotion and continued appointment, the quality of teaching, as identified in student evaluations and peer review, is a critical element in the evaluation. Although research is a lesser priority, the College believes that excellent teaching is enriched by the knowledge and skills developed in research and other professional activities. Encouraged by the College, an increasing number of faculty have been successful in involving students in collaborative research endeavors that enable these students to become active learners. The College strives to be a good citizen by providing educational and cultural resources for the people of Southern Maryland and by encouraging faculty members to be active in the wider community. Public concerts and lectures, as well as the involvement of individual faculty members in community activities, are reflective of the institution's role in the region.

Degree levels: The College is devoted exclusively to a liberal arts education at the undergraduate level, leading to the degree of Bachelor of Arts.

Carnegie classification: St. Mary's is classified as a Liberal Arts College I.

.....

Instructional Program Emphasis

The St. Mary's curriculum is designed to prepare students for future success in work and in life through the development of their abilities in communication, critical analysis, and creative thinking. The College curriculum stresses intellectual breadth through rigorous requirements in the arts, humanities, natural sciences, and social sciences. At St. Mary's all students must complete an unusually large set of common requirements.

In addition, St. Mary's requires students to gain depth in a particular field by choosing an academic major. At St. Mary's, major programs are focused on the traditional liberal arts disciplines and a few inter-disciplinary programs. The College also offers students the opportunity to develop their own majors, under close faculty supervision, via the "Independent Student-designed Major."

.....

[The operating goals of the college] ...are directed toward enhancing the distinctive mission of St. Mary's--the provision of a rigorous, intellectually stimulating, and ethically challenging college experience that provides a solid foundation of essential knowledge and skills, challenges students to set goals and take initiatives, and engenders a sense of civic responsibility. Few liberal arts colleges in the United States still provide upward mobility in leadership roles for all sectors of society, and none in Maryland focuses so firmly on educating, within the State, future professional and civic leaders.
